

### PVC Steel Wire Hose

Pneumics PVC steel wire re-inforced hoses have proper and adequate re-inforcement in form of Three layers : PVC inner and outer layers, middle mesh reinforced layer made of steel wire

#### Characteristics

- Unique formula of polyester reinforced PVC makes Pneumics products far exceed other similar products in corrosion resistance, aging -resistance, abrasion and resilience.
- Light weight, good pressure - resistance, can provide products of different burst pressures upon request.
- Working Temperature range is from -5° to 60°

#### Application

- Apply for suction and delivery of water for various application.
- It is also used to transport other fluids and gases in agriculture and construction industry

### PVC Steel Wire Hose -Non Food Grade

Code	Size		WP BAR	Length Mtrs.
	mm	Inches		
SWH-12	13mm x 19mm	1/2"	7.00	50
